

Publication Schedule 2024

The table below details the publication schedule for 2024, and specifically the days in which Profercy will not publish daily or weekly reports. For the US Gulf Granular Urea daily price assessments, a price assessment will be determined on UK bank holidays, but will be published the following day.

The key weekly publication days for 2024 are as follows:

- **First publication of 2024:** Thursday 4 January
- **Last publication of 2024:** Thursday 19 December
