

## Publication Schedule 2025

The table below details the publication schedule for 2025, and specifically the days in which Profercy will not publish daily or weekly reports.

For the US Gulf Granular Urea daily price assessments, a price assessment will be determined on UK bank holidays, but will be published the following day.

The key weekly publication days for 2025 are as follows:

- **First publication of 2025:** Thursday 2 January
- **Last publication of 2025:** Wednesday 24 December
